

## Mark Current Concepts

Read the nonsense words. Cross out the words that are not closed syllables.

**Example:** ~~v i m e~~

Mark the closed-syllable words by scooping the syllable, putting a -c under the scoop to show it is closed, putting a breve over the vowel to show it has a short sound.

**Example:** t w ě n d  
c

slint

treap

ple

bix

vime

vash

boes

stemp

shup

whog

flome

zath
