

When My Teacher is Absent

Sometimes my teacher will not be at school. This is ok. I will have a substitute teacher.

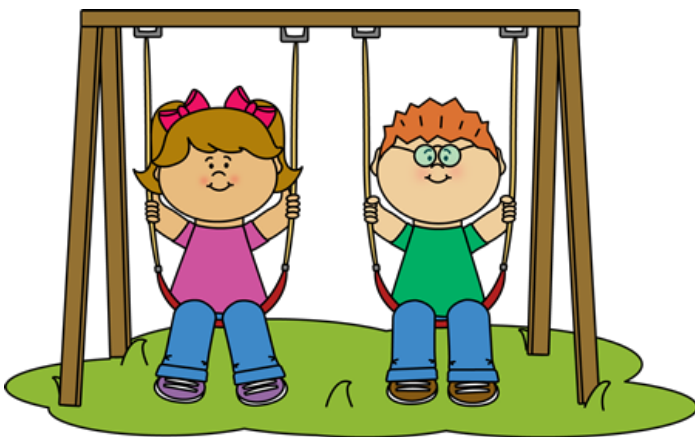

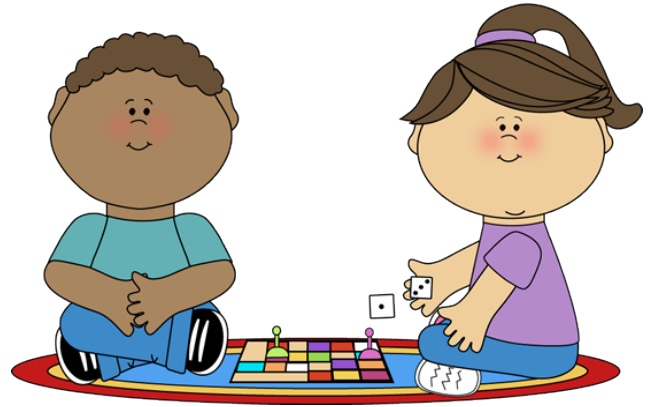

A substitute teacher is a nice person who will teach me instead of my teacher.

When the substitute teacher is here, I still have to follow all of my rules.

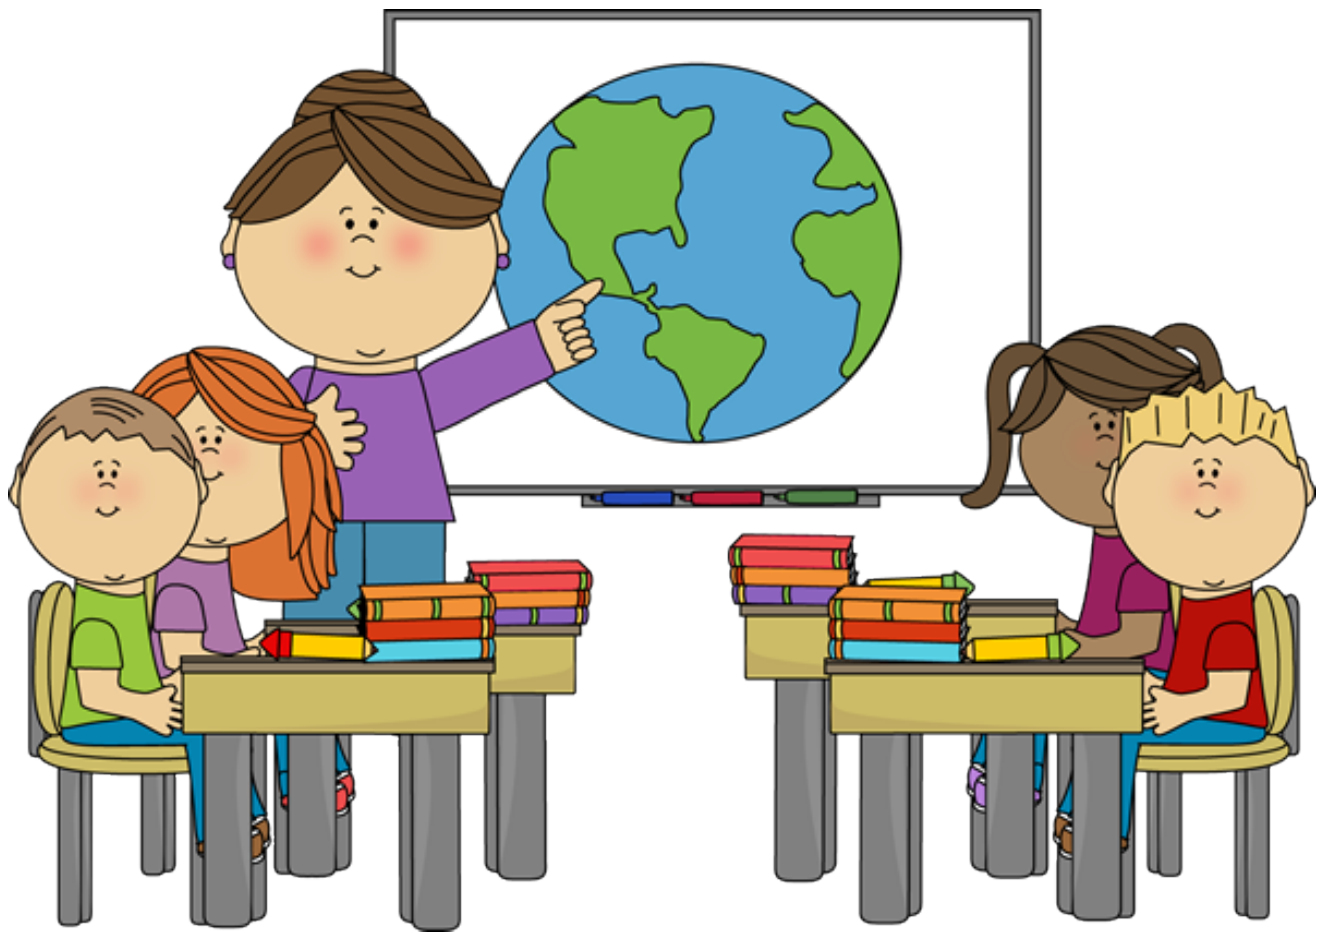

When the substitute teacher is here, I can still earn fun things for following my rules.

The substitute teacher might do things a little bit different than my teacher, but this is ok. I still need to do what the substitute teacher tells me to do.

My teacher will be back tomorrow!
